

**BUREAU
VERITAS**

Azo Dyes Testing now available in the UK...

Bureau Veritas Consumer Products Services are now offering first-class **Azo Dyes** testing in our **UK laboratory in Warrington, Cheshire**:

- **Fast service:** turnaround time up to 6 working days
- **Competitive price:** £55 per test*

Please note that if Aniline is found, a second test will be carried out at £55 per test to determine if p-aminoazobenzene (p-AAB) is present. This test will involve an extra 4 working days.

Why choose Bureau Veritas for your textile and clothing services?

Bureau Veritas have a UKAS accredited textile testing laboratory in Warrington, Cheshire, that offers a **full range of quality assurance and compliance testing services** (chemical, physical, colour fastness, flammability), **fast turnaround** and access to a **global network** of laboratories should the need arise.

We pride ourselves on having the **best customer service**, the best **technical expertise** and the most **competitive prices** in the industry...
